

Village Bank Center

Commercial Building | 2024

AI-generated illustrative rendering

CLIENT

Neighborhood Property Management, Inc.

LOCATION

2100 W 76th St., Hialeah, FL 33016, United States

INDUSTRY

Real Estate and Insurance

SERVICE

Structural Dynamic Analysis

IMPACT

Established a building-response reference and documented localized differences for future comparison.

CHALLENGE

The five-story concrete building required a measured response reference for the property-management team.

STRAAM APPROACH

STRAAM measured the building's dynamic response at 2100 West 76th Street and established a baseline.

RESULT

Some areas of the building responded differently, providing useful detail for future evaluation.
